THUNDER 7000 POWER TARP SYSTEM

THUNDERARMOR

PROVIDING YOU
WITH QUALITY TARP SYSTEMS & TRAILER ACCESSORIES

Dedicated to quality, reliability and total customer satisfaction, Thunderstone Manufacturing, LLC., has provided its customers with innovative and cutting edge solutions for the agricultural and transportation industries. Today, Thunderstone is one of North America's largest producers of tarps and automated containment systems, and its products are sold and serviced through an extensive distribution network throughout North America. Thunderstone is a privately-held company with a 54,000 square foot manufacturing plant that's located in Lincoln, Nebraska.

Email Ordering Format:
Part Number - Brief Description - Quantity

You will receive a confirmation back on receipt of order within 24 hours

Shipping charges will be added to orders based on volumes and destination.

The "One Touch" technology is only available in the aftermarket. It cannot be sold to OEM's.

Please feel free to communicate directly with Thunderstone on any issues you have with quality, delivery, cost, or after sales support. We will be carrying these parts in large quantities at our Lincoln, NE facility and your lead-times will be short, 1-5 working days for most parts. Our goal is to always have the part on the shelf for your service and over the counter part requirements.

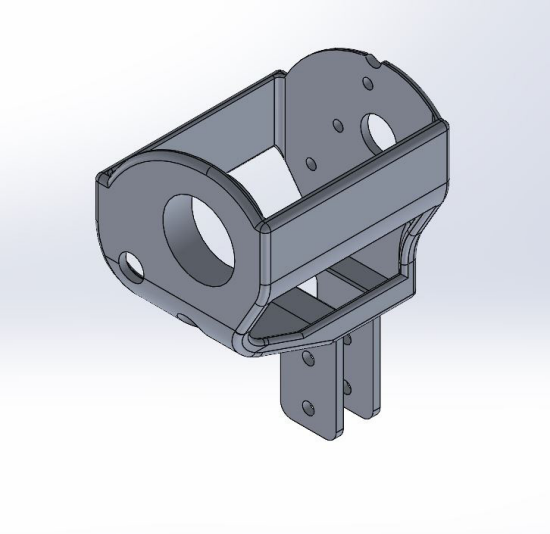
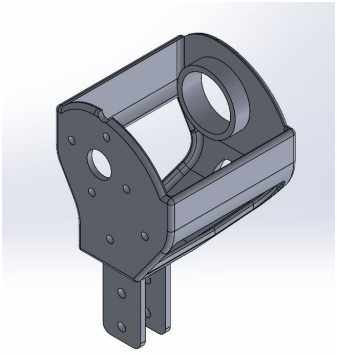
IMPORTANT PRODUCT UPDATE

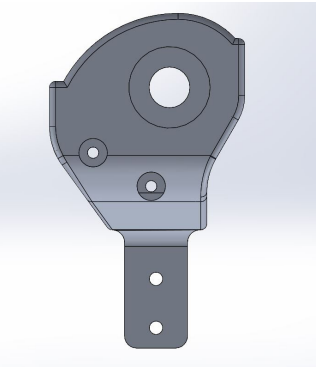
Due to world wide freight challenges numerous freight carriers have implemented oversize freight fees that are of significance. These will impact our larger components in the catalog. They will be marked on each product affected by the following way: ****Overlength charges may apply see page 5 for details.***

THUNDER 7000 CAST MOTOR HEAD



Thunderstone has designed a new cast motor head for Thunder 7000 Power Systems offering increased strength and smoother appearance through the elimination of welds. This new head is available in colored options: Black, White, and Hammered Grey.





THUNDER 7000 UPGRADE KIT

Upgrade older Thunder 5000 and 6000 systems, as well as competitor's systems, to the features and benefits of the Thunder 7000 system. This new upgrade kit (#103977) will include the remote transmitter, patented Thunder 7000 controller with force sensing and variable speed technology, integrated keypad with protective enclosure and our patented 2-piece motor with protective cover. See page 15 for more details.

24-HOUR TARP SHIPPING PROGRAM

Thunderstone is now offering a program on select stock tarps. See tarp section of catalog for tarp listing.

- Program available for listed stock tarps and u-clamp kit (#102075)
- Black tarps only
- Order will ship within 24-hours of placement
- Order available to be sent to your Dealer Location
- Drop ship directly to the customer saving freight, time, and exchanging of hands when down in the field
- All other tarps, tarp kits, and accessories will continue to ship within the standard 48-hour production lead-time

EZFLOW XR Hydraulic Trap

The patented EZ Flow[XR] Hydraulic Trap System™ has been thoroughly tested to meet your tough hauling demands. From field to road there is no hydraulic or electric trap that compares to strength and reliability of the EZ Flow[XR].

**Lead times may vary for EZ Flow Kits*

Features

- The operator can stay out of the dust by opening the traps from the cab of the truck, using the multi-function remote.
- Operates using a single 12 volt hydraulic motor
- Hydraulic hoses and stainless steel fittings for increased durability
- No trap operator or motor to interfere with swing auger
- Easily control product flow by feathering the door open and close
- Heavy duty reinforcement brackets for hi-density commodities (Frac Sand)
- Hydraulic motor and reservoir are protected in the apex of the trailer
- Quick release pins
- Simple 3 button remote design with large easy-to-read buttons
- Multi-function remote programs up to 5 trailer accessories
- Easy to install

EZ FLOW XR
Hydraulic Trap

OVERRIDE SYSTEM

In the event of an emergency due to electrical or mechanical issues the EZ Flow[XR] doors can be easily converted into manual operation. The emergency manual override utilizes quick release pins and straps to open the door. This new override system is not only easy to use, but provides additional ground clearance compared to previous override systems.

Emergency Manual Override Includes
(2) Pre-Slotted Cross-Shaft
(2) Straps with Hooks
(1) Strap Enclosure with Bracket
(4) Cross-Shaft Mounts
(4) Composite Bushing with SS Housing
Mounting Hardware

Features

- All-welded tarp technology
- Heat welded seams add strength & thickness to high stress areas
- Made of quality vinyl coated polyester fabric
- Watertight protection
- No stress points from stitching
- Mildew resistant
- Built-in UV inhibitors to reduce cracking & fading
- Puncture resistant (18oz.- 185lbs. & 22oz.- 225lbs.)
- Superior tear strength & abrasion resistant
- 1 year tarp limited warranty

THUNDERARMOR
Superior tarping material

Tarp Fabric Features

- Made of premium-grade woven PVC coated fabric
- Built-in UV inhibitors to reduce cracking and fading
- Rot & mildew resistant
- Superior tear strength and abrasion resistant
- Puncture resistant (18 oz.- 185lbs / 22 oz.- 225lbs)
- -30 degree cold crack protection

Tarp Assembly

- All-welded tarp technology (No Stitch Assembly)
- Heat-welded seams add strength and thickness to high stress areas
- Precision cut by CNC machine

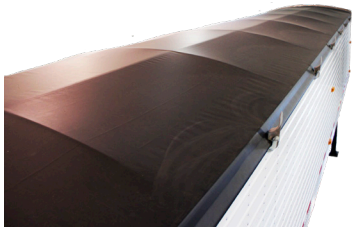
Custom Tarps Available Upon Request.

THUNDERARMOR OPTIONS

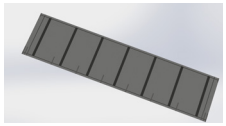
One Piece Tarps



- Improved durability
- No seams to snag
- Improved cosmetics-smoother appearance
- Faster open & close time

Reference Page 43-44

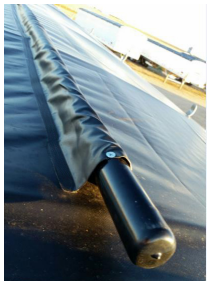
Reinforced Tarps



- Extra reinforcing over the tarp bows
- 12” strip of 18 oz. tarp material for added protection
- Used for tough applications where commodity may stick to tarp bows and become abrasive

Reference Page 62

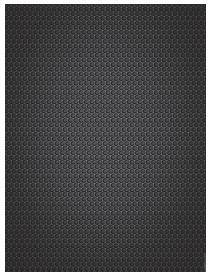
Ridgepole Tarps



- Ridgepoles support the tarp the length of the trailer
- Eliminates ridge straps and reduces the amount of tarp bows used
- Used to reduce the amount of commodity splatter and used for bucket loading and helps keep tarp tight

Reference Page 67

Mesh Tarps



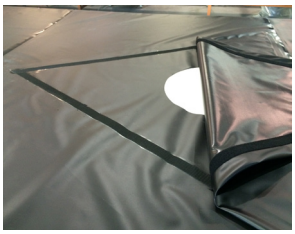
- 10 oz. and 12 oz. Material Available
- Black and Red Color Options Available
- Designed for rugged applications
- Used for hauling rock, sand, trash and any load that does not require to be waterproof or windproof

Reference Page 64-65

Clean Coat Tarp

- Acrylic glaze coating reduces commodity buildup
- Reduces cross-contamination between loads
- Fast & easy to clean compared to standard material

EPA Tarp with Flap



- Heat-Welded design with stitch reinforcement
- Large 18” reinforced round opening for load pipe
- Velcro seal with latch down on EPA tarp opening
- Ability to load in different weather conditions
- Used to meet EPA requirements for dust control

Reference Page 63

EPA Double Tarp

- Most watertight system
- Eliminates operator from having to latch the load hole flap
- Both tarps can be opened for total loading access
- Used to meet EPA requirements for dust control

Reference Page 63

Decontamination Flap

- All Heat-Welded Design
- Extra flap that keeps commodity from sticking to the top rail
- Helps eliminate cross contamination

Reference Page 64

General Return Policy
All products sold and shipped* from Thunderstone Manufacturing may be returned within 30 days of receiving it. All product(s) returned must be in original packaging, including all items originally packaged with the product (documentation, user's manual, accessories, etc). All products are subject to a 20% re-stocking fee. After 30 days all purchases are final.

*General return policy excludes all custom tarps or product(s).

ITEMS THAT ARE DEFECTIVE, DAMAGED IN SHIPPING, OR INCORRECT
If your item(s) is defective, is not the item you ordered, or was damaged in shipping you may return your item(s) to Thunderstone Manufacturing. You will be entitled to a full refund or replacement, which will then be credited back to your original method of payment only. If the return is a result of our error, defective materials, or damaged during shipping, you will not be charged for return shipping.

SHIPPING
All orders are shipped F.O.B. from Thunderstone Manufacturing, LLC, Lincoln, NE. All shipments are made by most reasonable means in accordance with size and weight of order. Other shipping arrangements may be made, but must accompany sales order.

WARRANTY CLAIM & POLICY
Thunderstone Manufacturing warrants each product to be free from defects in material and workmanship for a period of times set forth in the warranty table listed below. During this period of time, if a customer is unable to resolve a product problem and Thunderstone Customer Service determines the product to be defective, a Return Goods Authorization (RGA) will be issued. Follow receipt of an RGA number, the customer may be asked to return the product to Thunderstone Manufacturing, freight prepaid. This warranty is voided if the customer uses the product in an unauthorized or improper way, or in an environment for which it was not designed. This warranty is applicable to the first purchaser only.
